

ACADEMIC PARTNERSHIP PROGRAM

Some departments and programs have the need to coordinate membership enrollment of large numbers of students related to such activities as student chapters or class activities. As a result, student membership registration can be complicated. The primary issues often involve university financial policies and difficulty in collecting checks and similar logistics. To facilitate this process, the society has developed the “Academic Partnership Program” to simplify larger volumes of student membership registrations and related funds management. The primary goals for this program are to help with the administrative burden at the local university and facilitate the member registration process for students to join ASEM.

Enhance the Professional Development and Career Preparation of Your Students

How It Works

Based on a fixed fee, the program allows an academic institution to facilitate a given number of individual student memberships on a large scale with minimal paperwork. Upon joining the program, the institution or the lead faculty member is issued an access code which allows the specified number of students to go directly to the ASEM web site and register as student members. They enjoy the benefits of membership such as receiving electronic copies of the society’s publications (Guide to the Engineering Management Body of Knowledge (EMBoK), EM Handbook, the Engineering Management Journal, the practice periodical, and eNews), and enjoying reduced conference registration, and participation in society webinars. Most important, costs can be reduced due to economies of scale and local dues can be retained locally to support student activities.

Program Details

Based on the needs of programs of various sizes, three partnership levels have been developed, to allow flexibility in supporting student members.

Academic Partnership Levels
Level 1 Academic Partnership: Up to 25 students \$500
Level 2 Academic Partnership: Up to 50 students \$1,000
Level 3 Academic Partnership: Up to 250 students \$2,000

The Academic Partnership program facilitates a simple and cost effective approach for student groups to become members. Click here for additional details on the Academic Partnership Program at <https://www.asem.org/AcademicPartnership>. Please visit <https://www.asem.org/International-Mbr-Discounts> for the World Bank Countries eligible for a discounted rate of the program.

How to Participate

Complete the partnership form at
and email to asem-hq@asem.org, or call 256-503-8482.
