Assistant Professor Faculty Position
Engineering Management and Systems Engineering
Missouri University of Science and Technology

The Engineering Management and Systems Engineering (EMSE) Department at Missouri University of Science and Technology (Missouri S&T) is seeking a tenure track faculty member at the **assistant professor** rank across the broad spectrum of engineering management and systems engineering disciplines. The successful candidate should have a Ph.D. in engineering management, industrial engineering, systems engineering, or a related field and be positioned to collaborate with department faculty. In particular, candidates with an interest in operations research, optimization, digital engineering, machine learning, computational intelligence, data analytics, and manufacturing operations are encouraged to apply. Candidates will also be expected to establish a strong research program in engineering management or systems engineering that will lead to research grants and high-quality journal publications, as well as teach in the industrial engineering or systems engineering areas as part of the department's on-campus and distance education programs.

Interested candidates should apply at https://hr.mst.edu/careers/. The application materials should include a current curriculum vitae, a statement of research and teaching interest and goals, and complete information for three references. Review of applicants will begin on November 1, 2022 and will continue until the position is filled. The application start date for this position is August 2023. Persons selected for the position may be required to provide verification, prior to employment, of the credentials stated in application materials submitted. The final candidate is required to provide official transcript(s) for the terminal degree listed in the application materials submitted. Copies of transcript(s) must be provided prior to the start of employment. In addition, the final candidate may be required to verify other credentials listed in application materials. Failure to provide official transcript(s) or other required verification might result in the withdrawal of a job offer.

About the EMSE Department
The department offers BS, MS, and PhD Degrees in Engineering Management and MS and PhD degrees in Systems Engineering and is solely housed in the Engineering Management Building, with available lab, office, and classroom space. The department maintains an active research program with recent grants from funding sources such as NSF, NIH, USDOE, USDoD, USDOT, and The Boeing Company. Missouri S&T is located in Rolla, Missouri, and offers abundant outdoor recreational opportunities and easy access to metropolitan areas and the beautiful Ozark Mountain region. Information about the department and university can be found at: https://emse.mst.edu/ and https://www.mst.edu/.

Missouri S&T is an AA/EEO employer and does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age, disability or status as a protected veteran. Females, minorities, and persons with disabilities are encouraged to apply. The university participates in E-Verify. For more information on E-Verify, please contact DHS at: 1-888-464-4218.
