

### **Online Adjunct Faculty – Naval Engineering**

Drexel University is seeking Adjunct Faculty to develop and deliver graduate level courses in Naval Engineering. Knowledge of the theory and design of engineering machinery and equipment aboard modern ships including development, design, construction and operation of ships and weapon systems and an understanding of the mechanical systems encountered onboard navy ships is required. Courses will be taught online, however online teaching experience is not required. Remote applicants welcome.

M.S. in Engineering or equivalent professional experience required, Ph.D. preferred.

Responsibilities include:

- Developing course material (lectures, projects assignments, etc...)
- Developing/updating syllabus
- Presentation of materials
- Monitoring of discussion boards, group projects etc...

For more information or to apply, please send resume/CV and cover letter to Julie Drzymalski, Ph.D. at [jd3346@drexel.edu](mailto:jd3346@drexel.edu)
